What is the AES?

Asia Edtech Summit

AES is a global community representing interchange and cooperation of the Asia Edtech companies.

We have about 40 companies as our members including countries from Korea, Japan, China and Vietnam

It's a great chance for the Edutech companies to successfully create a win-win business and have equal participation. Now we are accepting more applications from Edutech companies/organization all over in Asia.

Please visit our homepage and confirm more information about AES.
